Question	What are the effects of measures aimed at indoor air pollution on health in low- and middle-income countries?	
Search element / PICO	Problem (P): Indoor air pollution	
Search	<ul style="list-style-type: none">• Enter search terms in the search field.• Put phrases in quotation marks ("in door"); truncate with an asterisk * to search for multiple endings of a word (pollut* will search for pollution, but also pollute and polluting).• Write OR between synonyms, and put a parenthesis around them.• Combine the parentheses with AND.• Use the filter function on the left. Select STUDY TYPE, Systematic Reviews and optionally SECTORS and Health.• Sort the list by Most Recent to get the newest hits first. <p>Søkelinje (P) AND (P): (indoor OR "in door" OR household OR "house hold") AND (pollut* OR airpollut*)</p> <p><i>In the search strategy above, the single search element Problem (P) consists of two different concepts that are not synonyms, and which therefore must be combined with AND.</i></p>
